DESCRIPTION

An old stone barn in good condition needing complete renovation with attached good sized garden of 5000m2. Set in a quiet hamlet in the commune of Ecuras near the town of Montbron and just 5 minutes away from an 18-hole international golf course.

Water and electricity run past the property allowing for an easy connection. A septic tank would need to be installed. The roof is in good condition but some tiles may have slipped/ need replacing.

Subject to relevant permissions, this would make a great renovation project to create a beautiful home.

A great project with plenty of potential.
