DESCRIPTION

On the ground floor is a living room (19.55m²) which opens into the dining room (20.36m²) with a woodburner and solid staircase to the first floor. The living room could easily become a ground floor bedroom. Down a couple of steps from the dining room is a good sized kitchen with space for a table and chairs. There are French doors onto a small patio area that faces the garden. Completing the ground floor is a utility room, shower room and wc. Stairs from the dining room lead up to 2 bright and spacious bedrooms (16.18m² & 15.41m²). Completing this floor is a bathroom with a shower, basin and wc. Stairs lead up to the recently insulated attic from the 2nd bedroom.

Attached to the house is a large stone barn of approx 120m², ideal for use as a garage or workshop, which also houses the oil tank. The central heating boiler is in the utility area, and is fairly recently installed.

At the rear of the house is an attached garden and a pretty old brick animal house that could be made into a charming BBQ/summer kitchen space.

Parking is to the side and front of the house.
