DESCRIPTION

The living room (approx 47m²) of this lovely house is bright and modern with tiled floors and four sets of large french windows out to the garden, bringing in loads of light. The built-in and fully equipped kitchen at the far end was installed in 2015 by PMC Menuisier, with appliances from leading brands, and a beautiful kitchen island. The rest of the room provides a spacious dining room with enough room to feed a big party of guests and a sitting room.

Opposite, and with two sliding french windows to the front garden is the master bedroom (approx 20m²). The large cupboard at the far end hides an archway through to another room (approx: 10m²) which could be used as an en-suite bathroom, a dressing room or baby's bedroom near the parents. There are three further bedrooms (all approximately 10m²) all with direct access to the garden via french windows. The shower room with a shower and basin is easily accessible from all the bedrooms. The WC is off the hall, where you will also find the boiler room housing the thermodynamic water heater, the central heating and the water softener. To the left of the entrance hall, as you come in is the utility room/back kitchen which has a gas hob, and space for washing machine as well as fridges and freezers.

Outside, there is a lovely garden surrounding the house, leading down to the enormous kitchen garden, a chicken run and land. You...
