DESCRIPTION

Situated in a village in the Haute Vienne, 30 minutes from Limoges. This building, which is currently used as a mechanic's garage, has two large spaces on the ground floor. One with a pit for mechanical works and the other garage space is currently used for bodywork. There is also an office, WC, petrol station and car washing station. Set on around half an acre of land. Above the garage, there was once a five roomed apartment however the ceiling was heightened to make more room in the garage below. An apartment could be once again reinstalled with permission to change the use of the building and by lowering the ceiling. Please enquire for more information.
