NOTES

DESCRIPTION

Also off the dining/sitting room is a second sitting room with a window to the front and a patio door leading onto the veranda.

From this room there is a small hallway leading to two ground floor bedrooms (one currently used as an office), one of which has a large en-suite bathroom with bath, shower, toilet and sink. There is also a downstairs shower room with toilet.

Stairs lead from the hallway to the first floor where there are three double bedrooms and a bathroom. One of these bedrooms is particularly spacious (42m²). The roof on the first floor slopes and so it is necessary to duck in some areas of the first floor but the builders have made great use of the space and it's ideal for friends and family staying.

Outside there is a back garden mostly laid to lawn but with some mature trees. In addition there is a barn (8mx8m) which is used as a garage and woodstore, and also another small outbuilding. There could be the possibility of converting the garage into a small gite for additional income.
