DESCRIPTION

This unique opportunity will allow prospective owners to work hand in hand with the architects to create their dream home in the mountains. Each apartment is sold as a basic shell platform upon which the new owners can create their own bespoke interior in consultation with the developers. The published sale price is for the shell structure, with a second estimation for the renovation finish based on the requirements of the client. The final cost could be more or less, depending on the quality of finish and facilities required by the client. Whatever the preferred options the project will be managed by the expert team of architects and builders in close consultation with the client.
