DESCRIPTION

The cosy lounge, full of charm and warmth, is the true heart of the home—an inviting space to relax and unwind. A welcoming dining room with a classic Godin wood-burning stove provides the perfect setting for shared meals and gatherings. The house is fully double-glazed, equipped with a heat pump (pompe à chaleur), and benefits from solar panels for hot water on the roof, ensuring energy efficiency throughout the year.

The main house offers two comfortable bedrooms and two shower rooms, making it ideal for family living or hosting guests. On the garden level, a self-contained studio apartment with its own independent entrance offers excellent rental income potential or private accommodation for visiting family and friends. Adjacent to the studio is a large laundry and storage area, adding further practicality.

NOTES

Outside, the property boasts a large, private garden with mature trees, perfect for relaxing or gardening. Two adjoining fields offer additional land for hobby farming or animals. A separate barn provides ample space to store a camping car, and a workshop is ideal for DIY or creative projects. The barn is also fitted with solar panels that generate income, adding further value.

Located at the end of a lovely hamlet, the property enjoys easy access to woodland walks straight from the doorstep, offering peace and nature without isolation.
