DESCRIPTION

Located on the Route des Chavannes, between the village center, the golf course, and the ski slopes, this apartment occupies the entire top floor of an intimate building with only five spacious units.

It offers 96 m² of living space under the Carrez law, with an additional 33 m² of supplementary space.

The property is sold unfurnished and includes a large indoor parking space, an outdoor parking spot, and a generous private cellar. Residents also enjoy access to a shared garden.

This apartment is located in a chalet that was once a vacation home in the 1970s and is undoubtedly an attractive opportunity. It could use some refreshing, but you also have the option of moving in as is, personalizing it to your liking, or modernizing it to improve its comfort and optimize its rental potential. Exterior work will need to be considered in consultation with the co-ownership association in order to improve the aesthetics of the chalet.

The chalet enjoys a particularly strategic location, offering several convenient access points in the immediate vicinity. An electric bike station is located right next door, allowing you to quickly and easily reach the village center during the summer season. Shuttles, which run in both winter and summer, pass in front of the residence and provide easy access to the vast Portes du Soleil ski area and the heart of the village. Finally, at the foot of the chalet, a footpath that can be used in winter for a "ski-in, ski-out" return...
