DESCRIPTION

This is a bright family home with a C-rated energy performance. You can access the beautiful garden from both the veranda on the main floor, or from the lower floor.

From the sunny veranda, double doors lead to the fully fitted kitchen (with central seating island). Another set of double doors leads to the sitting area with fireplace. This makes the first floor living accommodation feel like one large open space. A balcony runs the full length of the property. Also on this level there are three bedrooms, the family bathroom with separate shower, and a WC.

A stairway leads to a lower level where you will find a large parental/guest bedroom, a sitting area with access to the garden, another room which the current owners use as a summer/visitor kitchen, and a small shower-room with toilet. The single garage can be accessed from this level too, with storage space to the rear and the thermodynamic water heater. The air source heat/ventilation system was fitted in 2023 and there is full wooden double glazing throughout.

The garden is a peaceful haven of lawn, flowerbeds, and fully established trees including a sweet scented linden, apple, plum and cherry trees. There is a garden store to the rear, divided into three sections, which has a 1000 roof rain water collector for the garden. The garden has a side and front vehicular access and is fully enclosed for children...
