DESCRIPTION

Property comprising a four bed stone farmhouse, large barn and numerous outbuildings, all set on a plot of 3500m².

The house could be lived in now however it should be considered as a renovation project. The habitable space is set on two levels and comprises:

On the ground floor:

Entrance hallway of 9.5m².

Kitchen of 23m².

Living room with open fireplace of 32m².

Two bedrooms of 9m² & 13.5m².

Lavatory of 1.5m².

On the first floor:

Two bedrooms of 9.5m² and 14.5m².

Attic with separate bathroom (72m²) that could be renovated to create extra living space.

The house has no central heating system, needs a new septic tank, electrical system and double glazed windows. The roof is not recent however it is in good condition.

Outside is an attached garden that is mainly lawn with a few trees. In front of the house and between the house and barn is a paved driveway that offers private parking for 4-5 cars.

A large barn of 340m² floor space is directly opposite the house and offers renovation potential, subject to relevant permission, or could be used for commercial purposes.

There are also a number of smaller outbuildings, totalling approximately 155m², attached to either the house or the barn and that could be used in any number of ways.

A great renovation project.
