DESCRIPTION

Up the wooden staircase, which is in the tower, there is a bathroom on the landing and four large bedrooms on the first floor (one with a sink/bidet; one with a private balcony; and one with an en-suite shower/WC).

On the next landing there is a shower room/WC. A further four well-proportioned bedrooms and a smaller room make up the second floor. All the rooms on this floor have recently been decorated. The bathroom and the two shower rooms have recently been renovated.

The semi-basement has a laundry room; a heating room (heating oil boiler from around 2023 for the central heating system); a wine cellar; and a storage area.

Outside, there is a one-room building (approx. 40 m2) which is currently used as a billiard room. With its splendid open fireplace and original floor tiles, this could (with planning consent) be converted into a gîte. An old guardian's house with its attached outbuilding, with several rooms and two floors, needs to be renovated.

The garden includes several mature trees; a summer kitchen/BBQ area (approx. 10 m2); a larder; a greenhouse (which needs to be rebuilt); and two additional outbuildings.
