IN BRIEF

This property represents a rare opportunity for someone looking to develop a nature-based, off-the-beaten-track tourist accommodation project in line with the trends in ecotourism and slow travel. The fact that the site is already operational with immediate revenue potential is a definite advantage, especially as the sale includes all equipment.

NB. Quoted prices relate to euro transactions. Fluctuations in exchange rates are not the responsibility of the agency or those representing it. The agency and its representatives are not authorised to make or give guarantees relating to the property. These particulars do not form part of any contract but are to be taken as a general representation of the property. Any areas, measurements or distances are approximate.
