DESCRIPTION

The property offers high specifications, a spacious, high-ceiling living room with a south-facing balcony, and excellent use of space, particularly on the garden level. Set in a peaceful, sunny south-facing position with low-maintenance grounds, it provides strong year-round rental potential or an ideal primary residence.

Recent upgrades include connection to mains drainage, the installation of a reversible heat pump on the garden level providing heating, cooling and dehumidification, replacement windows, and a retractable cover to one of the terraces.

The chalet is heated by water-circulated underfloor heating on the ground and first floor with supplementary radiators on the garden level.

The chalet is located just 3.5 km from the ski gondola in Morillon and 7 km to the gondola in Samoëns, offering great links into the impressive Grand Massif piste network. Les Gets, for access to the Portes du Soleil ski domain is just 15 km away.

Morillon also provides a great range of local amenities, including restaurants, cafes, bars, bakery, local market and cross country skiing pistes.

Several excellent marked walking and biking trails lead directly from the chalet providing an easy way to explore the surrounding forests, hamlets and mountains.

The Giffre valley is just as popular in summer with numerous activities and festivals. Check out the Samoëns and Haut Giffre tourism sites for more details. Increasingly, the valley is becoming a year-round destination.
