## NOTES

## DESCRIPTION

An adjoining outbuilding/garage connects directly to the lounge, offering excellent potential to extend the house further. In addition, there is a separate garage with space for two vehicles and an electric car charging point. A large barn is attached to the garage.

The gardens extend to the side and rear of the house and are mainly laid to lawn with established fruit trees. A well, along with front and rear terraces, further enhance the outdoor space. At the far end of the garden, a small outbuilding provides useful storage.

Heating is provided by radiators powered by a ground source heat pump, complemented by the log burner in the lounge. There is also an additional electric water heater in one of the first-floor bathrooms. The property benefits from mains drainage.

The property is in the village of Merléac, which is less than a ten-minute drive from the larger town of Uzel, where you will find all amenities.
