NOTES

DESCRIPTION

On the ground floor, you will find functional living spaces including a dining room and a living room, ideal for sharing convivial moments. The kitchen completes this living area. Two bedrooms allow for comfortable single-level living, along with a bathroom with WC. A veranda extends the house and provides an additional bright space overlooking the garden.

Upstairs, a mansard-style room arranged as an office or occasional bedroom benefits from its own bathroom with WC, offering a degree of independence. An additional room remains to be finished, leaving plenty of scope for customization (extra bedroom, playroom, home office, etc.).

Outside, the enclosed garden offers a true space for relaxation. You will enjoy a 4x8 m swimming pool equipped with a heat pump and a modular dome, ideal for extending the swimming season. A terrace in need of renovation will allow you to create a beautiful outdoor living area. A technical room/workshop as well as a double garage complete the property.
