DESCRIPTION

Adjacent to the main house is a three-room annexe offering excellent conversion potential. It is currently used as a laundry room, but could be developed into a gîte, guest accommodation, or additional living space for family.

The house sits within a gated courtyard and is surrounded by an extensive plot of land including a pond, and a large hangar currently used as a covered all-weather dining area. There are also three smaller outbuildings and a woodshed, providing useful additional storage.

The property benefits from an air-source heat pump installed in 2023, while new triple-glazed windows and shutters were fitted in 2025, and the electrical system has also been updated.

Located on the outskirts of the village of Saint-Gilles-Vieux-Marché, the property enjoys a peaceful rural setting whilst remaining within easy reach of the larger towns of Mûr-de-Bretagne and Pontivy.
