IN BRIEF

Located in the charming village of Puissalicon, this characterful stone barn offers excellent potential for conversion or renovation. The building provides approximately 90m² of floor space and already benefits from electricity and mains water connections. Connection to the mains sewer system will still be required.

Planning permission has been granted for a change of use to residential accommodation, offering the opportunity to create a unique village home over two floors if desired. The roof was replaced approximately 10 years ago.

Ideally situated just a few minutes' walk from the village amenities, this property combines charm, potential, and convenience in a sought-after location.
