DESCRIPTION

The ground floor features an exceptionally large garage with extensive storage space and a private well — a valuable asset in a village centre location.

The principal apartment occupies the first floor and offers generous living areas full of character. A bright and spacious lounge and dining room benefits from a fireplace and opens onto two charming Juliet balconies. The recently installed fitted kitchen includes integrated appliances and additional storage space. This level also comprises a comfortable bedroom with fitted wardrobes, a bathroom, separate WC, a small office area, and a delightful covered terrace complete with built-in barbecue and pizza oven — ideal for entertaining and outdoor dining.

On the second floor are two further rooms currently used as a bedroom and additional living space. There are also two undeveloped areas offering significant scope for conversion, with the potential to create an additional bathroom and an open-plan kitchen/living area, allowing for the creation of a further fully self-contained apartment if desired.

Also on this level, with its own independent street access, the second apartment includes an open-plan living, dining and kitchen area opening onto a private courtyard with pool, a bedroom with fitted storage, a bathroom in need of updating, and a separate WC.

The spacious attic offers yet further development possibilities, subject to any necessary permissions, making this a property with considerable long-term potential.

Additional features include double glazing throughout, gas central heating on the first floor, electric heating on the upper level, and a current D energy...
