DESCRIPTION

A couple of steps lead you up to the entrance lobby and then all of the living accommodation is on one level.

The kitchen (15m²) is in the centre and it has been recently fitted with lovely units all round and oven, hob and extractor included in the sale.

To the right is the pretty lounge (16m²) with feature log burning stove.

To the left is a bedroom (15m²), or dining room if you prefer, which has just been completely refurbished.

At the rear, you have 2 further bedrooms (14m² and 13m²), both of which have French doors leading onto a lovely balcony along the back of the house. One has a recently fitted en-suite shower room (3m²) and the other is set as a second lounge. You also have the family shower room and separate WC (4m²) which are a little dated but perfectly functional.

The property is double glazed throughout and has new shutters at the front. The electrics have been modernised throughout the living space with just the basement left to be upgraded and there is an EV charging point. The roof appears to be sound throughout and the property is connected to mains drains. Finally, the recently installed photovoltaic panels have cut the electricity bill in half.

Below the house is a large basement for storage (not accessible with a car) and attached to the side is a laundry room/summer kitchen.

The large garden is mostly laid to lawn...
