DESCRIPTION

Entering through the gated courtyard, the house stands directly ahead and is attached to a substantial barn of 86m², which can also be accessed internally from the house. Opposite the house is a workshop of 28m², complete with a traditional stone bread oven. To one side of the courtyard, a covered carport of 63m² comfortably accommodates three vehicles and is complemented by a useful 24.5m² outbuilding for garden equipment. A former bergerie of 65m² provides excellent additional space for livestock, storage or future projects.

The grounds are equally impressive. The heated saltwater swimming pool benefits from a heat pump and both summer and winter covers. A well with an abundant water supply serves the property, while electricity has already been installed near the pool, ready for the creation of a summer kitchen or outdoor entertaining area.

Practical features include a brand-new conforming drainage system, double glazing, fuel-fired central heating and roofs throughout the estate that are in excellent condition. The property has been meticulously maintained by the current owner and presents a wonderful opportunity for those seeking a rural lifestyle with scope for animals, a vegetable garden, workshops, storage or further conversion of the existing buildings.

A delightful and versatile country estate offering privacy, character and endless possibilities in a beautiful rural setting.
