NOTES

DESCRIPTION

A fantastic opportunity for experienced renovators – just 29,950 for a quick sale!
Why buy an empty building plot when you could have substantial traditional stone buildings already standing? This property presents an exciting opportunity for buyers with the vision, skills and budget to create something special.
Set on approximately 3,739 m² of land, the property comprises a substantial traditional stone barn, a second stone outbuilding and additional lean-to space, all surrounded by attractive countryside.

Main Stone Barn – Approximately 425 m²
The impressive main barn provides generous space with considerable potential for conversion. Divided into 2 parts by an internal stone wall, each part with it's own access -large front and side doors. There is an open hangar to the right hand side of the barn.
Important: The main barn roof is in poor condition and requires complete replacement. This is a substantial renovation project, and buyers should allow for the cost of roofing, structural assessments and conversion works when planning their budget, the current price reflects this.

Second Stone Outbuilding
A separate former piggery offers further development potential, with previous planning permission for conversion into approximately 60 m² of habitable accommodation. This could offer possibilities for additional accommodation or a separate living space, subject to obtaining any necessary planning approvals.

Land and Services
The total plot size is 3,739 m², with attractive views over the surrounding countryside.
Water and electricity are already connected, and an individual drainage installation has received approval.
